Subject: Re: Phase IV App - Kromm Restoration

Matt,

The matching funds are USFWS Partners for Fish and Wildlife funds. That grant program has a goal of a certain level of matching funds (I don't remember now exactly what the proportion is) program-wide. Though no match is required, we included a match contribution to increase the rating for the proposal (figuring if we did not provide any match that we would score lower).

I hope this answers the question. If you would like me to answer in a letter instead of this email, let me know.
 Thanks,

Brian Burns

Subject: Phase IV App - Kromm Restoration

Project Applicant:

During the Level I review of your Phase IV application by WW County and Ecology the following questions have arisen. Please respond with answers to the following questions by Wednesday March 19th, at that time your application will be sent to the local ranking committee who will be tasked with ranking your proposal. (See forthcoming email concerning proposed dates of that meeting) Feel free to contact me via phone or email if you have any questions.

Kromm Riparian Restoration

Please explain further the nature of the matching funds and why the project was not completely funded under that source?

Matt Rajnus
